## PROFESSIONAL SUMMARY

Results-driven Full Stack Developer and BCA student with hands-on experience building production-ready MERN stack web applications. Proficient in React.js, Node.js, Express.js, MongoDB, REST API development, JWT authentication, and cloud deployment on Render. Currently interning as a UI/UX Design Intern with practical Figma experience. Seeking Frontend Developer, React.js Intern, or MERN Stack Fresher roles.

## INTERNSHIP EXPERIENCE

### UI/UX Design Intern — Casa Chic Interior

Remote | Jan 2025 – Present

- Designed user interfaces and wireframes for client projects using Figma, improving visual consistency and reducing design revision cycles by 25%.
- Collaborated with the design team to create responsive, user-friendly layouts aligned with modern UI/UX principles and client brand guidelines.
- Contributed to component libraries and style guides ensuring design consistency across multiple interior design projects.

## PROJECTS

### WISHLY — Full Stack E-Commerce Web App —

React.js · Node.js · Express.js · MongoDB · Razorpay · JWT

- Built a production-ready men's fashion e-commerce platform with category filters, advanced search, and size/colour selection — deployed live on Render.
- Integrated Razorpay payment gateway for secure end-to-end payment processing and real-time order tracking across 15+ RESTful APIs.
- Implemented JWT-based authentication with protected routes, role-based session management, and secure login/signup flows.
- Developed persistent shopping cart and Wishlist with React state management; built admin dashboard for product management and revenue analytics.
- Architected REST APIs for products, orders, users, and payments following MVC architecture best practices.

## TECHNICAL SKILLS

**Languages:** HTML5, CSS3, JavaScript (ES6+), Python (Basic), Java (Basic)

**Frameworks & Libraries:** React.js, Next.js, Node.js, Express.js, Tailwind CSS

**Databases:** MongoDB, SQL
